WINNIPEG GRAIN MARKETS.

By Bulletin Leased Wire.

WINNIPEG, Oct. 7.—All markets opened higher, mainly on improved export reports, but little new news from Montreal, Buffalo and New York. Irrigation agency reported one million bushels of wheat were in storage, a decline after the close of the market Monday, thirty loads of wheat were shipped, 25 to Brandon and the balance to England and the continent. The receipts were heavy, 12,000 carloads of grain were received, not as liberal as might have been expected. The feeling of the trade was that the market would remain in danger if it got out of commission and worth the price, and while they were willing to give it away, world-wide tendency to give it away. World-wide visible tonnage, 15,000,000, but reports of drought in India were more pronounced.

The close resulted in an advance of 1-2 cents. Winnipeg, 5-8 to 5-5 in Minneapolis.

Winnipeg cash, 100 bushels, 1-2 advance on all grades, common wheat 1-4. Cash flat was 1-2 cent up and flax options 1-2 to 3-4 cent high, 1-2 cent up. The tone of the markets were strong throughout the close.

Grain inspections: Spring wheat, No. 1, Manitoba Hard, 8; No. 1 hard white, 75%; No. 1 Manitoba Northern, 29%; No. 2, Manitoba Northern, 2; No. 3, Manitoba Northern, 6; No. 4, 2; smutty, 35%; rejected, 14%. S. A. Warrants, 1-100, 1400. G. W. Lts, 42 bushels, 100 bushels paid, 255

WINNIPEG, Oct. 7.—There was a decided rally in wheat today probably due to the arrival of a number of grain sentimentists. The values are low as they are likely to go. Firmness in corn no doubt due to the arrival of several American buyers of short wheat took profits here today and should there be a strong market tomorrow the tendency to rise will be marked. Oats were steady, and flax firm but very little change.

Trade was very slow, coming in in very large volume and the total in cars inspected was 1819 with 1200 bushels.

There was a fair cash demand for all lines but offerings light.

Cash, 100 bushels, 1-2 to 1-8 up to 1-8 lower. Park 1-2 up; Berlin 2-4 lower; Badger 1-1 lower; Antwerp, mostly steady.

American receipts: Minnesota 343 cars; Duluth 217 cars.

JURY'S VERDICT IN INQUEST INTO AUTO DISASTER

Find Car Which Collided With Train Was Driven at Excessive Speed.

INSERT ON GATES AT ALL LEVEL CROSSINGS

Recommend City Authorities Immediately Consider Question of Subways.

(From Last Evening's Edition)

The inquest on the bodies of Mrs. W. E. Lince and Miss Dorothy Gifford, who met their death in the automobile disaster at the Normoye Avenue level crossing, last Saturday night, concluded yesterday afternoon, the jury, of whom John Duff, secretary of the Moyes family, was foreman, returning the following verdict:

That Mr. W. E. Lince and Miss Dorothy Gifford came to their deaths by being thrown from an automobile which was going in conflict with the eastbound C.N.R. Wainwright express train at about 10 p.m. Friday, October 3rd.

We find from our evidence given that the automobile was driven by Lince to a station at an excessive rate of speed, and that he did not stop until he saw me and Juliet to the warnings of the policeman on duty, and that the automobile was stopped near the crossing, and that the train was then stopped at a proper time.

We would strongly recommend that the city take steps to take away the city with the proper authorities to construct subways on level crossings, so that they will not be used in any case, and we would insist that gates be placed in the locomotives to prevent the use of the engine, or motor, or steam power, near the presence of the public.

We further recommend that the level crossings of the city are immediately lighted, and while the lights are not yet installed, signals be installed at once at each level crossing.

We would recommend that the speed limit with regard to the speed of automobiles in the city streets be greatly enforced.

Several men have given evidence at the adjourned meeting yesterday, Conductor Bradford, of the street car, said when his car was stopped at the crossing, he saw the waterman, who was 100 feet from the C. N. R. tracks, Clinton Kerr, station master, said the waterman, said the automobile "swung" before it struck the engine.

James Watson, engineer of the C. N. R. train, said he received the order from the waterman, to go ahead when the train was about half way across the crossing, and the white was down and the lantern had not rung, so he went ahead, and the train came up just before it reached the train. It was going at about 30 miles an hour, and he could not stop it, as he was a cow-catcher. The collision took place on or just east of the sidewalk, and the car was stopped about one-third of the distance out, as if Juliet was trying to dodge past. The auto was broken in two, and the driver was in the engine. One body was found between the tracks of the tender, and the other underneath the rear of car engine.

Mr. Duff said—*I may as well say as anyone, I am not responsible for any accident, because we can never go more than 20 or 25 miles an hour.*

Witness—I would suggest that it was going at least thirty or thirty-five.

James Watson, C.N.R., policeman, said the car appeared to be damaged more on the left than the right side, as if it had been hit from the left.

Austin S. Rogers of the Taylor-Munson Co., also gave expert evidence.

ITALIAN SOCIETY BILL IS OPPOSED

Private Bill Fails to Secure Support in Committee Yesterday

(From Last Evening's Edition)

The Act to incorporate the Mutual Benefit Society of Italian Workers of Canada, was introduced into the private bills committee of the legislature yesterday. Laudable objects of society were set out in the bill as follows:

To improve the social, intellectual and moral condition of the members of the society and to educate them in integrity, honesty and frugality and to assist the members in making use of its power to its members and those dependent upon them.

To provide a fund for the relief of sick and distressed members and for the burial of members.

The committee considered that the objects as set out brought the society under the same class as an insurance company, and pointed out that if they would have to pay a fee of \$100 a year for a deposit of \$2,000 with the Government.

The Law Clerk reported that the act as introduced would not collect large sums of money from working society would afford opportunities for graft.

The Incorporators were advised to

apply for incorporation as a company under the companies' legislation, chapter 10, which would give them all the powers they wanted.

I explained that the members can pay for their services in cash, and if compelled to register as an insurance company it would practically put them out of business.

MRS. JOHN DUFF DEAD

Sister of Late Sir Oliver Mowat Succumbs to Injuries in Street Accident

Kinross, Ont., Oct. 7.—Mrs. John Duff, who suffered the loss of a toe in a street car accident yesterday, died this morning. She was about 50 years of age and was a widow of the late Sir Oliver Mowat. One sister, Mrs. John Fraser, is the last surviving member of the Moyes family in Kinross.

Asquith Has Thrown Down The Gauntlet To Sir Edward Carson

Special Cable to the Bulletin by its Resident Correspondent.

London, Oct. 7.—It is felt throughout Great Britain this morning that the speech of Home Secretary McKenna last night cleared the air to a certain extent of the rumors respecting a compromise by the government, and threw down the gauntlet against Sir Edward Carson and his Ulster followers.

Mr. McKenna stated boldly on the public platform that there had been no change of the home rule program by Premier Asquith. It would be passed and carried without further appeal to the people. This seems to indicate that the government has no fear of civil war in Ulster, or if it has such fears is shutting its eyes to the same.

FORMER CROWN PRINCESS FACES OUT IN ANNUITY
Government of Saxony Will Not Permit Comic Opera depicting on Royal Family.

Lipsie, Germany, Oct. 7.—Signor Teiss, a former Crown Prince of Saxony, it is asserted here, probably became involved in trouble with the Saxon government over a comic opera which he wrote, in which she has written the libretto, and whose approaching production is to be held in Lipsie.

The government declares that the work contains any attacks on the princess, and that the author has been summoned to appear before the royal court to account for his conduct. The author, however, abstain from any criminal or civil prosecution, and the government will only give undue publicity to the work.

STORM AT HOME: NOW IS ABATING.
Storm, Alabama, Oct. 7.—The storm is abating, but three unidentified bodies have been washed ashore. Five hundred persons have been compelled to leave their homes outside the town, and a search party of 1,000 men outside will be necessary. The stormwreck Victoria, Navajo and Crystal are safe at the mouth seven miles out.

Kaiser Has Solved Difficulty.

Berlin, Oct. 7.—It is announced from Berlin that the Kaiser has found a solution to the difficulty of the "His Master's Voice" record company. The Duke of Cumberland, and that Prince Ernest of Cumberland, who married the Queen of Denmark, will ascend the throne of Denmark without making any further formal renunciation of his family's claim to the throne of Hanover.

Recommends the Purchase of Engine Power Plant

Superintendent Parsons, of the power plant, has recommended to the city commissioners that a new 400 kw. power plant be purchased at a cost of \$11,460.

The engineer, however, states that the state is needed to take care of the increasing load of the city, and the increasing cost of the power plant. Mr. Parsons says that he could purchase this engine out of the power plant surplus, and not increase the capital charges at the plant. The matter is to be further considered by the commissioners before any action is taken.

MERKLE MAY BE OUT OF TODAY'S GAME OF SERIES

Sprained His Ankle Yesterday and is in Bad Shape to Play

MCGRAW HAS DIFFICULTY PROBLEM TO SOLVE

Will Have to Pick Substitute From Wilson, Crandall, Grant or Wilson

PHILADELPHIA, Oct. 8.—There is no certainty in the minds of the fans as to who will fill Fred Merkle's first baseman's place will be able to play the initial bag in today's game. Merkle sprained his ankle yesterday and aggravated that injury by playing out the remainder of the game. He has been extremely distract in getting to the club house after the game and when he reached it was his idea to find out if he could make a quite sudden.

Concerning the game the fans to the side the ankle was placed in ice bag and placed upon a cushioned rest.

When the team arrived at the hotel a local physician examined the ankle.

Merkle's ankle which by the time was badly swollen. He received

medical treatment for the same several days before attempting to re-

enter the game. This suggestion has not been followed up by the fans.

McGraw has put him out of the series, and McGraw may have to use one of his substitute pitchers or in-

holders. Wilson, Crandall, Grant or Wilson are the quartet from which the Merkle's substitute will be selected.

Collins Was Hero of the Game, Making Brilliant Plays at Second Base and Hitting to Good Effect—Had Ten Difficult Chances

McGRAW HAS DIFFICULTY PROBLEM TO SOLVE

Will Have to Pick Substitute From Wilson, Crandall, Grant or Wilson

NEW YORK, Oct. 7.—Continuing and outlasting the New York Giants in the opening game of the world's series the Philadelphia Athletics defeated the National League representatives at the Polo grounds this afternoon by a score of six runs to four. So complete was their victory that the American League team did not even think of the continuation of the series of 1911, when the Athletics won the title of that year from the Giants by four games out of six. If to heighten the interest of the game so much more closely did they resemble those of 24 months ago.

The game was witnessed by a gathering of spectators that taxed the capacity of the New York stadium to the limit, the admission fees and the gate receipts amounting to more than \$75,000.

The number of persons present for the attendance fell short by more than 2,000 of that of the first game of 1911, although as far as could be seen there appeared to be just as many spectators in the stands as in 1911. The number of persons both inside and outside the stadium were equalled those of any preceding world's series so far as the gathering concerned. Including the fans who were at the Polo grounds and the railroads, the elevators were filled with people.

Collins was the hero of the game, making brilliant plays at second base and hitting to good effect—had ten difficult chances.
